President's Message

Greetings and Happy New Year!

Our ASWA year is half over already. Wow! I hope all of you had a happy holiday season and are ready for 2005. Also, that you are all shoveled out from the recent snowstorm.

Our Christmas Party was a huge success and our Scholarship Fund raised \$705. Another Wow! Thank you to everyone there and those who donated, but couldn't come. Thanks also to our resident auctioneer for leading the spirited bidding during the auction. We had several "extra" gifts we used for the auction. Perhaps we could do that again next year. It helped increase our total. The White House ornament given in Beverly's memory auctioned off for \$100. Still another Wow! Lots of laughter, good food, and fellowship.

Attached to this newsletter is the report from the National Nominating Committee for 2005-2006. Our very own Kate Mulder will be serving as a director for two years beginning July 1, 2005. Congratulations, Kate! Although the slate has not been announced for the ASWA Educational Foundation, our very own Kathy Strum has interviewed for one of the positions. Good luck, Kathy! It is really exciting to see our small (but mighty ☺) chapter represented on the national level by such capable people. Remember it all started with getting involved on the local level and then attending regional and national ASWA conferences. What opportunities for personal and professional growth if we just take advantage of them!

January begins a busy time for most, if not all, of us. Please try to schedule a break on our meeting nights during this busy period. We all need to “refresh” and getting together for dinner and a meeting with our ASWA colleagues does just that. Or come to the networking luncheons if you can’t make an evening of it. More good food and fun.

Hope to see many of you at the January 19th meeting.

Karen Jacobson
President

Standing Reservation List

As Program Committee, we are implementing a "**Standing Reservation List**" for members who would like to be confirmed as attending each meeting. This means that these members will NOT need to RSVP for the meal count. However they will need to let us know if they WILL NOT be attending. If the Chapter has to pay for a meal for a person with a standing reservation when they are not present and have not notified us they will not be attending, that member is responsible for paying for that meal. We will have the "Standing Reservation List" published with each newsletter. You can be added or removed from this list at anytime by contacting us.

If you are interested in be included on the Standing Reservation List or have questions, please email Marsha at marsha.peterson@mchsi.com or Kate at cmulder@nev.hfmgt.com .

TO: Professional Tax Preparer
FROM: Iowa DNR- Wildlife Diversity Program
RE: Tax Checkoff funding source

The "Fish/Wildlife Fund" Checkoff is the main funding source for the Iowa Dept. of Natural Resources- Wildlife Diversity Program. The Webfile and Telefile version has a **built in "prompt"** that asks if the user wishes to contribute to any checkoffs. Research has shown the webfile/telefile format of submitting taxes has nearly **TWICE** the participation over e-file and traditional filers.

Conversely, the traditional/e-file version has no automatic "prompt" at-the-desk (so to speak). We feel that by reminding the tax preparers to "prompt" their client at-the-desk, we can realize a similar participation rate among e-filers. With nearly 800,000 e-filers and only 45,000 webfile/telefilers, the funding potential is significant.

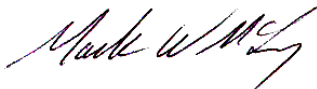

The message is simple: **Please ask your client** "Would you like to contribute to any Checkoffs?"

Tax year 2003 proved to show the biggest checkoff increase in four years as a result of about 5% tax preparers participation. With >10% participation among preparers, to "prompt" at the desk, would create an even stronger budget.

I would expect all the checkoffs would benefit from this cooperative effort. On behalf of the Wildlife Diversity Program, Thank you for the consideration.

With a 25% budget decline in 15 years, no other midwestern state "nongame" program is as poorly funded as Iowa's. These times of budget and personnel shortfalls create both the necessity and opportunity to be more resourceful. In the words of any successful hunter- a person does their best hunting when they are hungry. The Wildlife Diversity Program has been *hungrily* implementing successful research and conservation programs with specific wildlife species of concern for 20 years.

Respectfully yours,

Mark McInroy (Mac)
Iowa DNR-Wildlife Diversity Technician

Research shows double participation by simply asking the individual
-Webfile/Telefile have a built in "PROMPT" to contribute to any checkoffs.
-This creates nearly **double** participation compared to e-file/ traditional filers.

Your "PROMPT" can possibly DOUBLE

CONTROLLER – Large daily/weekly newspaper combination

We have been asked by a major newspaper company to conduct a confidential search for a Controller for a daily/weekly combination. Direct newspaper experience is ideal but not an absolute pre-requisite. We will consider qualified candidates from other industries.

You'll oversee all accounting functions for this high-volume and complex group of newspapers and specialty publications. Strong leadership skills are a must. You'll pull together and submit financial statements to key managers and the corporate headquarters. You'll work with a team of top professionals in developing operating plans and budgets – and, monitoring individual department and overall company performance against budget. We are seeking someone strong in financial analysis who can spot trends and recommend adjustments sooner rather than later. We need someone who can critique advertising and circulation rates to make sure that strategic initiatives will yield revenue and profit at levels consistent with the overall financial plan. You'll monitor cash expenditures and implement controls as necessary. You'll also review all proposals for capital spending and make sure that submitted ROI analyses are realistic.

A degree in business administration, finance, accounting or equivalent experience is required. A solid accounting computer systems background is also necessary.

The qualifications noted above are important, but leadership style and philosophy are of equal importance. You'll be in a team environment, where all department heads work in close collaboration with a singular goal in mind – customer satisfaction. You'll be given the resources you need and be allowed to run your own show.

They offer a competitive compensation program that will depend on your experience and track record. The company provides excellent health and life benefits and a 401K with company match. Interviewing and moving expenses are also included.

This is a confidential search, so we can't reveal the name of the company or it's exact location until we enter into the interview process.
